5 What's your email address?	e Windsurfing.

TECHNOLOGY REPORT

Read about favourite technology we have at home!

Micky Bailey's parents have got a ... robot! They're very excited about it. It's a kitchen robot and it makes dinner for Micky's family every day. It's very good at cooking! Micky's mum and dad are really happy. Now they don't need to cook dinner so now they've got more time. All they need to do is go shopping!

Suzie Highton's brother Dan can't see very well. He can't see text in books. The most important technology in Suzie's house is a computer program. Dan can download books onto his computer. The text is big so he can see it and the computer reads it aloud too.

David Smith's new puppy, Attila, is friendly and intelligent. David is worried about Attila because he sometimes gets lost. Like all dogs in the UK, Attila has got a microchip so the police know his name and address. The microchip isn't new technology but it's David's favourite!

II Read the texts about favourite technology. Then read the sentences below and decide if they are true (T) or false (F).

1. Micky Bailey's parents have a dog. T F
2. The robot cooks breakfast for Micky's family. T F
3. Micky's parents are happy with the robot. T F
4. Attila is a big angry dog. T F
5. All dogs in the UK have microchips. T F
6. Microchips are a new technology. T F
7. Suzie's brother Dan can see very well. T F
8. The most important technology in Suzie's house is a computer program. T F
9. The computer program only reads text aloud. T F

LIVEWORKSHEETS
