Crisis in the Red Zone The 2013–2014 Ebola epidemic was the _____ ever—but the outbreaks continue. Now comes a gripping account of the doctors and scientists fighting to protect us, an urgent wake-up call about the future of emerging viruses. In this taut and _____ medical drama, Richard Preston deeply chronicles the outbreak, in which we saw for the first time the specter of Ebola jumping continents, crossing the Atlantic, and infecting people in America. Rich in characters and conflict—physical, emotional, and ethical—Crisis in the Red Zone is a(n) _____ in one of the great public health calamities of our time. Preston writes of doctors and nurses in the field putting their own lives on the line, of government bureaucrats and NGO administrators moving, often fitfully, to try to contain the outbreak, and of _____ companies racing to develop drugs to combat the virus. He also explores the charged ethical dilemma over who should and did receive the rare doses of an experimental _____ when they became available at the peak of the disaster. Crisis in the Red Zone makes clear that the outbreak of 2013–2014 is a harbinger of further, more severe outbreaks, and of emerging viruses heretofore _____ — in any country, on any continent. In our ever more _____ world, with roads and towns cut deep into the jungles of equatorial Africa, viruses both familiar and undiscovered are being _____ into more densely populated areas than ever before. The more we discover about the virosphere, the more we realize its deadly potential. Crisis in the Red Zone is an exquisitely timely book, a stark warning of viral outbreaks to come. The Power of Habit In <i>The Power of Habit</i>, award-winning New York Times business reporter Charles Duhigg takes us to the _____ edge of scientific discoveries that explain why habits exist and how they can be changed. With penetrating intelligence and an ability to distill vast amounts of information into _____ narratives, Duhigg brings to life a whole new understanding of human nature and its potential for _____. Along the way we learn why some people and companies struggle to change, despite years of trying, while others seem to _____ themselves overnight. We visit laboratories where neuroscientists explore how habits work and where, exactly, they reside in our brains. We discover how the right habits were crucial to the success of Olympic swimmer Michael Phelps, Starbucks CEO Howard Schultz, and civil-rights hero Martin Luther King, Jr. We go inside Procter & Gamble, Target superstores, Rick Warren's Saddleback Church, NFL locker rooms, and the nation's largest hospitals and see how _____ so-called keystone habits can earn billions and mean the difference between _____ and success, life and death. At its core, <i>The Power of Habit</i> contains an _____ argument: The key to exercising regularly, losing weight, raising _____ children, becoming more productive, building _____ companies and social movements, and achieving success is understanding how habits work.
