

Homework

Choose the correct words to create the most suitable phrasal verbs.

Story 1

It happened when Mia got **on/off** the bus. The bus was crowded but she found one place to sit **down/in**. There was a person next to her who was listening to music very loudly. She heard that it was her favourite song and she asked a person to turn it **up/down**. She thought the people on the bus wouldn't like it but it cheered everyone **on/up**. However, the most surprising thing happened when the person sitting next to her took **back/off** his hat and she saw his face...

Story 2

It happened when Mia got **on/off** the bus. The weather had warmed **up/down** after the winter so she wanted to walk in the park. On her way, she heard some noise and decided to check it **out/in**. She found a small puppy that was really weak. She picked it **off/up** and took it home to look **after/for** it. But one day she received a call...

Finish the story using at least three phrasal verbs from the other story. (If you could use all of them, it would be much better).
