

Reading 1

A. Read the article below. Then, fill in the blanks with words from the text.

The Rise of Kindle

Kindle is a popular e-reader designed by Amazon. Since its introduction, Kindle has had a huge influence on the way readers enjoy books. One great feature of Kindle is its lightweight design, which makes it easy to carry. It is also great for book lovers who do not want to carry many books with them.

The price of a Kindle ranges from around RM699 to RM2,788. There are different models for different budgets. Every reader can choose which model suits them best.

Besides that, Kindle allows you to store many books on a single device. A Kindle with 16GB of storage can store thousands of books. This means you will always have something to read! You can also easily download new books within minutes.

Furthermore, Kindle's e-ink screen is easy on the eyes and looks like real paper. This makes it comfortable for long reading sessions.

Overall, Kindle is a great device for anyone who loves reading. Its features and price range make it popular with readers of all ages.

- Kindle is designed by Amazon.
