

- 29 The Black Sea is a warm and safe place. There are no \_\_\_\_\_ creatures like sharks or poisonous jellyfish in the water. DANGER
- 30 It looks like a \_\_\_\_\_ destination for a family vacation. There is nothing exciting about it, one may even call it boring. PEACE
- 31 Marine researchers, however, may \_\_\_\_\_ with that. AGREE
- 32 To them, the Black Sea is one of the most \_\_\_\_\_ places on the Earth. USUAL
- 33 The thing is that only the upper layer of the sea is available for \_\_\_\_\_. EXPLORE
- 34 It is full of marine life. In the lower level, however, there is no oxygen and the water does not support life. The lower layer of the sea hardly has any flora or fauna. Those dark depths may keep lots of \_\_\_\_\_ secrets. AMAZE
