

Прочитайте текст. Из каждой строки (B9–B18) выпишите ОДНО лишнее слово.

**B9.** Shoplifting, a lot of people say us, is one of the least serious kinds of crime. They  
**B10.** also believe that most shoplifters who steal from shops because they haven't got  
**B11.** enough money to buy himself food. Well, statistics clearly show that the people who  
**B12.** do not think shoplifting is a problem are wrong. Every others month more than 20,000  
**B13.** shoplifters are been caught in England and Wales alone. Usually, these are not poor  
**B14.** people who cannot afford to buy food, but lots professional shoplifters, who steal  
**B15.** a lot of valuable items in order to sell them, or teenagers, who shoplift for its fun.  
**B16.** Financial experts claim that shops lose a lot of money every year while as a result  
**B17.** of shoplifting. But the most important thing is so that shoplifting is stealing and  
**B18.** stealing is a crime, so it's such morally wrong. It's as simple as that.
