Listening: A podcast about families

- **Listen to a podcast about families. Are the statements true for Russell (R), Jeanette (J) or both (B)?**

1 He/She has got a big family.

2 He/She has got lots of brothers and sisters.

3 He/She hasn't got any brothers or sisters.

4 He/She talks about his/her parents' jobs.

5 He/She has got lots of uncles and aunts.

6 He/She lives in the same area as his/her family.

- **Choose the correct alternatives.**

1 There are **ten / eleven** people and one pet in Russell's family.

2 Russell's **mum / dad** works in an office.

3 He's got **three / four** sisters.

4 Jeanette's dad has got **two / four** brothers and sisters

5 She's got ten **children / cousins.**

6 She **likes / doesn't like** her family.

- **Match the words in bold 1-3 with meanings a-c.**

1 ... something both of my **guests** know all about.

2 And then I've got seven **siblings**...

3 And they've all got **kids**, you see.

a brothers and sisters

b children

c people you invite
