- h He's so bad at cooking that he *can't/could* cook pasta!

Listening Part 1

4 For 1–5 choose the correct picture, A, B or C.

1 What will the weather be like later today?

2 Who called the emergency services?

3 How did the fire start?

4 Where did the man leave the shopping?

5 How did the woman find out about Anna's accident?

Vocabulary

The weather

Look at the weather reports and for a–h write T (True) or F (False).

10°C	20°C	30°C	12°C
LONDON	ROME	CAIRO	PARIS
		FOG	
-10°C	8°C	9°C	25°C
MOSCOW	EDINBURGH	DUBLIN	TOKYO

- a It's cool and rainy in London.
- b It's sunny and dry in Rome.
- c It's freezing in Cairo.
- d It's cloudy and cool in Paris.
- e It's snowy in Moscow.
- f It's boiling in Edinburgh.
- g It's warm and dry in Dublin.
- h It's foggy in Tokyo.

Writing Part 2

You have had an accident and can't go to your friend's party. Write a card to your friend. In your card you should

- describe how the accident happened
- say how you are now
- suggest when you could meet again

Write 35–45 words.

Reading Part 3

Read the text about a female astronaut and decide if each sentence (1–8) is correct or incorrect.

THE FIRST FEMALE SPACE TOURIST

On September 18, 2006, Anousheh Ansari became only the fourth private space explorer ever and the first female one. In addition, she was also the first astronaut of Iranian descent. Anousheh has had an amazing life. She emigrated to the United States when she was a teenager, and at the time she could speak no English. Despite this, she learned the language, studied hard and showed a talent for science and technology. She got a degree in electronics and computer engineering, followed by a master's degree in electrical engineering. When she left university, she rapidly achieved one of her dreams by creating a multi-million-dollar business.

When Anousheh went on her amazing journey, she achieved another one of her dreams. As a child she had always dreamed of being an astronaut and exploring space. Before her eight-day expedition, Anousheh prepared for her trip by having cosmonaut training at the Yuri Gagarin Cosmonaut Training Center in Star City, Russia. As well as theory and physical training,

she also learned to speak some Russian. She then joined the International Space Station as part of the *Expedition 14* crew, which included Spanish-American astronaut Michael Lopez-Alegria and Russian cosmonaut Mikhail Tyurin.

Unlike her predecessors, while she was in space, Anousheh wrote an Internet diary, which was read by thousands of people back on earth. She described how she felt on the days before the flight, and her stay on board the space station. She talked about the sights and smells around her, and ordinary activities like eating and washing-up – but in zero gravity! While she was on the space station, Anousheh also did various experiments for the European Space Agency. She conducted experiments into the effects of space travel on the crew members' health, and made a study of space station microbes.

Back on earth, Anousheh has returned to her work with her companies, but she is still very much a part of the space programme. One of her dreams is to encourage young people around the world, especially girls, to follow their dreams.

- 1 Anousheh Ansari was the first private explorer in space.
- 2 Anousheh learned English while living in Iran.
- 3 One of Anousheh's dreams was to be successful in business.
- 4 Anousheh's space trip lasted for less than a week.
- 5 Anousheh speaks at least three languages.
- 6 Anousheh stayed on the space station with an all-American crew.
- 7 Anousheh talked about daily events in her online diary.
- 8 Anousheh is no longer involved in space projects.

Grammar
