

Student's name: _____ Class: _____ Date: _____

I. Look at the pictures and write the correct words of the sea animals.

II. Read and answer the questions.

Animals' World

Last Sunday, our class went to the city aquarium. It was an exciting day! When we arrived, the seal was eating fresh fish by the big blue pool. Near the seal, a whale was swimming slowly and blowing water from its nose. The shark was chasing small fish around its tank, and it looked very fast and strong! Then we saw some friendly dolphins jumping out of the water, making everyone clap and laugh. In another corner, an octopus was climbing a little bit out of its tank, moving its long arms carefully. The whales were very gentle; they looked up out of the water when we came to see them. We had a wonderful time learning about all these amazing sea animals!

➤ **Comprehension Questions:**

1. What was the seal doing when the whale came?

.....

2. What was the shark doing when you arrived at the aquarium?

.....

3. What were the dolphins doing when you gave them food?

.....

4. What was the octopus doing when you arrived?

.....

5. What were the whales doing when you came to see them?

.....
