Task 1. True (T), False (F) or Doesn't Say (DS)

1. Angela Zhang worked on a way to cure cancer when she was young.
2. Angela's idea was to destroy tumours and surrounding tissue.
3. Emily Cummins invented an eco-friendly fridge.
4. Emily's fridge works using electricity.
5. Derreck Kayongo noticed a problem with soap waste in hotels.
6. The Global Soap Project sells soap to poor countries.

Task 2. Answer the questions

1. Why can Angela Zhang be called a “bright spark”?
2. What problem does Emily Cummins' invention solve?
3. How does Emily's fridge keep food cool?
4. What shocked Derreck Kayongo in the hotel?
5. What does the Global Soap Project do?

Task 3. Fill in the table

Name	Country	Job / Role	Idea / Invention	Who does it help?
Angela Zhang				
Emily Cummins				
Derreck Kayongo
