DESCRIPTION OF THE ACTIVITY

- 2.- Students will look at a picture of a wheel with categories of objects (e.g., cooking, travel, food, technology, etc.) and choose only one.
- 3.- Each group will use only objects corresponding to the category they have chosen to construct sentences.
- 4.- One student begins by saying: "I packed my bag with a _____."

ACTIVITY 3

RESPONSIVE SPEAKING

5.- The next student repeats the complete sentence, adds a new object from the same category, and continues the sequence.

6.- Each student starts with 5 points.

- If a student makes a mistake, forgets an item, or uses the structure incorrectly, they lose 1 point.
