

What a life, what a night

What a beautiful, beautiful ride

Don't know I'm in five but I'm young and alive

Fuck what they are, what a life

I am so right now

'Cause I'm poppin' right now

Don't wanna 'bout a thing

But it makes me terrified

To be on the side

How long before I go insane?

It's okay, it's okay

That we're living, we're living this
