Lunar New Year Rules

Lunar New Year is a special time for families, and there are some important rules people should follow. Before Tet, families clean their houses carefully because they believe a clean house brings good luck. On the first day of the New Year, people should wear new or nice clothes to welcome good things.

There are also things people shouldn't do during Tet. People shouldn't say bad or unlucky words because they want the new year to start happily. Children mustn't be rude to adults and should greet them politely. In some families, people shouldn't sweep the floor on the first day because they believe it can take away good luck.

By following these rules, people hope to have a lucky, happy, and successful new year.
