

WATCH THE VIDEO THEN ANSWER THE FOLLOWING QUESTIONS!

[Advantages and disadvantages of Artificial Intelligence | Pros and Cons | Merits and Demerits of AI](#)

1. Why does the speaker present both advantages and disadvantages of AI instead of only focusing on its benefits?

- A. To entertain the audience
- B. To confuse the viewers
- C. To fulfill the social function of a discussion text
- D. To promote AI products
- E. To criticize technology

2. Which situation best represents the advantage of AI described in the video?

- A. A teacher motivating students emotionally
- B. A robot working nonstop in a factory
- C. A student choosing a career
- D. A counselor helping teenagers
- E. A writer creating poetry

3. The mention of “lack of emotions” in AI mainly emphasizes that AI ____.

- A. is faster than humans
- B. is more intelligent than humans
- C. cannot replace human empathy
- D. is dangerous to society
- E. can think independently

4. Which statement best summarizes the issue discussed in the video?

- A. AI is harmful and should be banned
- B. AI is useful but creates social challenges

- C. AI is only beneficial for adults
- D. AI has no role in modern life
- E. AI controls teenagers' behavior

5. From the discussion, AI is presented as technology that ____.

- A. must replace all human roles
- B. has both positive and negative impacts
- C. only benefits teenagers
- D. should not be developed
- E. is unrelated to social life

6. Which statement best represents the “argument for” AI in the discussion text?

- A. AI causes unemployment
- B. AI lacks creativity
- C. AI reduces human error
- D. AI is expensive to develop
- E. AI decreases social interaction

7. Why is unemployment categorized as a disadvantage of AI in the video?

- A. Because AI needs salaries
- B. Because AI replaces some human jobs
- C. Because AI cannot work properly
- D. Because AI works slowly
- E. Because AI has emotions

8. The speaker's explanation of AI working 24/7 mainly supports which idea?

- A. AI is emotionally intelligent
- B. AI increases efficiency
- C. AI creates dependency
- D. AI controls humans
- E. AI replaces creativity

9. Which conclusion can be drawn from the contrast between AI efficiency and lack of emotions?

- A. AI is better than humans in all aspects
- B. Humans are no longer needed
- C. AI is useful but limited
- D. AI should dominate society
- E. Humans should depend fully on AI

10. In the video, the use of words like *however* and *on the other hand* indicates ____.

- A. chronological order
- B. cause–effect relationship
- C. comparison and contrast
- D. problem–solution pattern
- E. narrative sequence

11. Which real-life situation best reflects the social issue discussed in the video?

- A. Teenagers using social media for fun
- B. Students depending on AI tools for homework
- C. Athletes training manually
- D. Teachers grading papers by hand
- E. Artists drawing with pencils

12. Why is the discussion about AI relevant to teenagers?

- A. AI controls teenage behavior
- B. AI replaces school subjects
- C. AI may influence future careers and skills
- D. AI is mainly used for games
- E. AI changes fashion trends

13. Which sentence would best fit the conclusion of the discussion text?

- A. AI is dangerous and must be stopped
- B. AI has no disadvantages
- C. AI should be used wisely to balance benefits and risks

- D. AI only benefits companies
- E. AI should replace teachers

14. The disadvantages in the video are presented mainly to ____.

- A. frighten teenagers
- B. criticize technology developers
- C. provide a balanced perspective
- D. reject modern innovation
- E. promote traditional jobs

15. Which statement shows critical thinking toward AI based on the video?

- A. AI is always good
- B. AI should replace humans
- C. AI is useful, but human control is necessary
- D. AI has no future
- E. AI is only for entertainment

16. What implicit message can be inferred from the overall discussion in the video?

- A. Humans are no longer important
- B. Technology should develop without limits
- C. AI needs human supervision
- D. AI is more emotional than humans
- E. Teenagers should avoid technology

17. If AI continues to replace human jobs, what is the most likely social consequence implied in the video?

- A. Increased creativity
- B. Reduced education quality
- C. Higher unemployment rates
- D. Better emotional intelligence
- E. Improved social relationships

18. Which statement best evaluates the speaker's approach in the discussion?

- A. Biased toward AI
- B. Fully against AI
- C. Neutral and analytical
- D. Emotional and persuasive
- E. Narrative and entertaining

19. Which cause–effect relationship is MOST strongly supported by the video?

- A. AI is modern, so teenagers like it
- B. AI works fast, so humans become emotional
- C. AI replaces jobs, leading to social concerns
- D. AI is expensive, so it is useless
- E. AI is advanced, so it controls humans

20. Based on the video, which policy would be the most reasonable for society?

- A. Ban AI completely
- B. Allow AI without regulation
- C. Use AI responsibly alongside human roles
- D. Replace human workers entirely
- E. Limit AI only to entertainment
