

Famous women in History

Join these women with their biographies

An American aviator who became the first woman to fly solo across the Atlantic and the first person ever to fly solo from Hawaii to the US,

She was and is considered one of Mexico's greatest artists who began painting mostly self-portraits after she was severely injured in a bus accident.

She saw the humanity in animals better than anyone. She was among the first to deeply study primate social life.

She was an Austrian-American actress and inventor who pioneered the technology that would one day form the basis for today's WiFi, GPS, and Bluetooth communication systems. ...

She was the first person (not woman) who has won two separate Noble Prizes, one for physics and another for chemistry
