_____

My favorite place is a small park near my home. I go there almost every weekend. It is a nice place to relax and have fun.

In the park, there are many green trees and flowers. There is also a small café. I like to buy a sandwich or drink a coffee there. The food is simple but good.

Many people visit the park. I often see families with children, friends, and older people. Everyone looks happy and relaxed.

I like to do different activities in the park. I walk, listen to music, or read a book. Sometimes I meet my friends, and we talk or play games. The park is quiet, and it makes me feel calm.

This park is my favorite place because it is beautiful, friendly, and close to my home.
