

ESCOLA N.º 3 DE PENICHE**Ficha de Matemática**

Nome _____ Data ____/____/____

1 – Completa as sequências:

150	160	170								
-----	-----	-----	--	--	--	--	--	--	--	--

200	202	204									
-----	-----	-----	--	--	--	--	--	--	--	--	--

2 – Coloca por ordem crescente:

187 88 109 216 166 246 196 200

____ < ____ < ____ < ____ < ____ < ____ < ____

3 – Coloca por ordem decrescente:

100 215 189 245 171 200 89 125

____ > ____ > ____ > ____ > ____ > ____ > ____

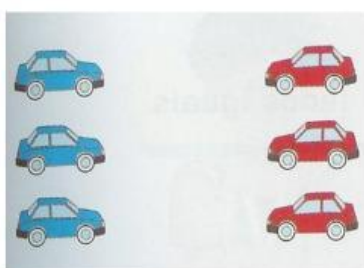

4 – Coloca os sinais <, > ou =.

100		106
124		134
146		116
158		150+8
160		190-30
200		199
177		170+6
180+5		170+20
88		102
165		160+5

5 – Efectua:

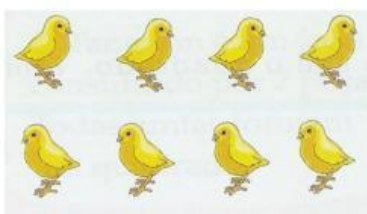

109+136=	172+81=	124+127=	124+129=	196+42=
199+51=	136+89=	148-137=	198-151=	178-74=
198-126=	146-12=	200-100=	247-107=	175-149=

6 - Observa. Completa as operações. Segue o exemplo.

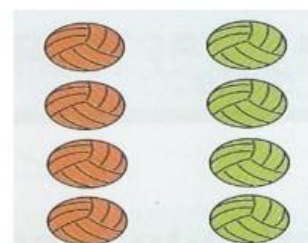

$$3 + 3 = 6$$

$$2 \times 3 = 6$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

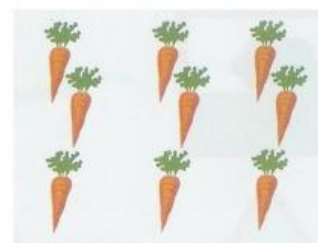

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$
