RAINY DAY

Rainy days are my favourite. I love the sound of *raindrops tapping* on my window.

I am sitting at the window and watching the rain. The sky is grey and the wind is *blowing*. Everything feels *cozy* and *calm*.

I wear my favourite long sweater with my shorts.

On a rainy day I love jumping in puddles and walking in the fresh air. I *don't mind* getting a little *wet*. After playing outside, I go home and drink hot tea.

Rainy days make me feel calm and happy.

cozy – meghitt, hangulatos
calm – nyugodt
raindrop – esőcsepp
blowing – fúj
I don't mind – Nem bánom
wet – nedves, vizes
tapping - amikor az eső kicsit „kopog" az ablakon.
