

Write a powerful description using imagery.

"The crystal blue sea reflects the powerful sun like a mirror. Rushing into the sand, the waves are thunder. The sand is soft, golden, and warm to the touch. A light breeze gently flows through the pure air. Have your eyes ever seen such a place? Strong palm trees give comforting shade for those who need it. Paradise. Delicious coconuts invite people to eat as they fall loudly onto the ground".

Now use your Writing Notebook and create your own descriptive essay with at least THREE paragraphs (introduction – main body – conclusion). You could cut out photos of other landscapes and write about them or use the existing image.

**I can't wait to read your essays!**

**Have fun!!!**

#### Success Criteria

- ☐ I can use powerful adjectives / adverbs
- ☐ I can use similes and metaphors.
