

My name is Leonora Carrington. I am from England (UK). I was born in 1917. My birthday is on April 6. I live in Mexico City (Mexico). I love Mexican culture and traditions. I am a SURREALIST artist. Surrealism shows dreams, imagination and strange scenes. I mix autobiographical and fantastic elements (mythology and magic)

I love using mystical colours: white, grey, brown and earthy colours. I am influenced by other artists such as Max Ernst or Remedios Varo. My paintings are marked by my imagination and my illness. I feel free and creative. My favourite paintings are *The Inn of the Dawn Horse* and *Sisters of the Moon*. I also write books and stories with fantastic and strange characters.
