

LISTENING U3

In the city, there was an _____ in the sky,
There were big planes flying high.
There was a _____ making cars all day,
There were motorways far away.
There _____ traffic, _____ a traffic jam,
There were buses, there were trams.
There wasn't a farm, there wasn't a field,
There weren't cows with grass to yield!

Was there a lake in the busy town?
No, there wasn't any around!
Were there fields so green and wide?
No, there weren't in the city side!
But in the camp, oh wait and see...
It's very different, 1-2-3!

In the camp, there was a lake so blue,
There were fish and flowers too.
There was a farm with animals there,
There were fields everywhere.
There wasn't an airport in the sky,
There weren't planes flying high.
There wasn't traffic, there wasn't a jam,
There weren't factories in the camp!

Was there a _____ near the trees?
No, there wasn't — only bees!
Were there cars and noise all day?
No, there weren't — just time to play!
Was there a _____? Yes, there was!
Were there fields? Yes, there were!
