Question 66. A. the	B. a	C. an	D. x (no article)

Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the following questions.

Students in many countries learn English **annually**. Some of these students are young children. Others are teenagers. Many are adults. Some learn at school, others study by themselves. A few learn English just by hearing the language in films, on television, in the office or among their friends. But not many are lucky enough to do that. Most people must work hard to learn another language.

Many boys and girls learn English at school because it is one of their subjects. They study their own language, mathematics, and English. In England, America, or Australia, many boys and girls study their native language, which is English, mathematics, and another language, perhaps French, or German or Spanish.

Many adults learn English because it is **useful** for their work. Teenagers often learn English for their higher studies, because some of their books are in English at college or university. Others learn English because they want to read newspapers or magazines in English.

Question 67. What is the main idea of the passage?

A. Effective ways to learn English for teenagers

B. Studying English at different ages.

C. Internet resources for English learners.

LIVEWORKSHEETS
