

It was an ordinary, boring day. I ..... (come) back from work and I ..... (get) stuck in a traffic jam. I ..... (be) angry and tired.

When I ..... (get) home I ..... (take) a shower, ..... (eat) dinner and ..... (sit) in front of TV to watch some Netflix and relax.

I ..... (watch) a movie when it ..... (start) to rain. I ..... (not/care) because I ..... (plan) to take a little nap anyway. Suddenly I ..... (hear) someone knocking at my door. I ..... (stand) up but I ..... (be) very annoyed because I was really sleepy.

I ..... (open) the door...but there was nobody out there. I ..... (feel) a little worried but I ..... (close) the door and I ..... (go) back to the coach when I ..... (hear) the knocking again. I ..... (shiver) and I ..... (ask): "Who...Who's there?". But nobody ..... (answer). I carefully ..... (look) through the blinds.

I ..... (see) a shadow of a person who ..... (stand) next to my door, leaning against the wall. I ..... (be) frightened. I ..... (run) upstairs to my room and ..... (hide) in the closet. I ..... (take) my phone and I ..... (call) 911. When I ..... (hear) the sirens I ..... (go) out and ..... (wave) through the window. The police ..... (search) the house and the yard but they ..... (not/find) anyone. I ..... (instal) the alarm the next day. After that day nothing scary ..... (happen) again but I ..... (be)

very stressed for the next few weeks.
