Week 4 : Incredible Inventions

HFW	Vocabulary	
Say	Invention (اسم) اختراع	Machine آلة
Way	Computer حاسب آلي	Scientist (اسم) عالم
Away	Phone هاتف	
May	Electricity كهرباء	

Marie and Lucas are students at an international school in Dubai. Today, their science class is talking about an important invention, the light bulb. Their teacher asked them to explain how this invention changed people's lives. Marie said that the light bulb is a machine that uses electricity to produce light. Lucas explained that before this invention, people used candles and oil lamps, which were sometimes dangerous and provided little light. Their friend Daniel, who is from Brazil, added that the famous scientist Thomas Edison helped create the first light bulb. He said this invention changed the way people live and work. The students agreed that the light bulb took darkness away and made homes, schools, and streets brighter and safer for everyone. They were excited to learn about such a great invention.

1. **Who gave the first bright idea about the light bulb in the story?**
 - A) Marie, because she loves explaining machines.
 - B) Lucas, who remembered candles and oil lamps.
 - C) Daniel, who told his classmates the story.

 - A) A type of food make people feel happy .
 - B) A new idea that someone creates
 - C) A famous person who create something.

Part 2 reading 20 MARKS	Week 5 : Amazing structure
--	----------------------------

Vocabulary	
Tower برج	Build بنى
Skyscrapers (ناطحات سحاب) مباني مرتفعة جدا	Pyramids الأهرامات
Metal معدن	Glass زجاج
Design يصمم	Stone حجر

Last summer, Khaled flew from the United Kingdom to Egypt. He wanted to see the pyramids. When he met some people from the United States near the pyramids, they spoke about the history of Egypt and the amazing buildings.

He went to visit the pyramids and found many interesting facts about how people built them long ago. They used stone to build the pyramids, and workers made them with careful designs.

Later, he took many photos of the towers in Cairo. People made these towers of metal and glass, and he thought they were very beautiful. At the end of his trip, he wrote an article about everything he saw. He said people made amazing things in Egypt.

1. **Where did Khaled fly from last summer?**
 - a) United States.
 - b) United Kingdom
 - c) United Arab Emirates.

2. **Who did Khaled meet near the pyramids?**
 - a) People from the United States
 - b) People from the United Arab Emirates
 - c) People from the United States.

3. **What did they speak about?**
 - a) How to take photos.
