The Dubai Metro is an important way to travel in the city. It opened in 2009 and many people use it every day. The metro helps people go to work, school, shopping malls, and tourist places. It is fast, clean, and safe.

The Dubai Metro has two main lines. They are called the Red Line and the Green Line. The Red Line is longer and goes to Dubai International Airport. The Green Line travels through older parts of the city. The metro has many stations, and trains arrive every few minutes.

The trains do not have drivers. They are automatic and use modern technology. This makes the Dubai Metro one of the longest driverless metro systems in the world. The trains are air-conditioned, so they are comfortable in the hot weather. There are special cabins for women and children, and there is also a Gold Class cabin.

Many people like using the metro because it is cheaper than taxis and better for the environment. It helps reduce traffic on the roads. The Dubai Metro is an important part of life in the city and helps millions of people every year.
