GRAMMAR

1. Як говорити про вік

Щоб говорити про вік, вживаємо дієслово *be*, а не *have* чи *have got*.

How old are you? I am twenty years old.

Для людей і домашніх тварин можна опускати "years old".

How old is your dog? - She's six.

"Years old" не завжди використовується, особливо з місяцями.

He's three months old.

2. Коли ставити дефіс

Перед іменником використовуємо однину + дефіси.

a nine-year-old sister three-day-old lambs.

"My car is a mini and"
