

PLAN & WRITE

I BRAINSTORM Follow the steps.

1. Choose an environmental problem to write about.
 climate change pollution from cars plastic
 pollution from factories noise pollution light pollution
2. Make notes about the problem and its effects.

3. Brainstorm possible solutions, then add notes to the chart.

	Solutions
What can individuals do?	
What can companies do?	
What can other organizations do?	
Other ideas?	

4. Highlight two or three solutions that you would like to try.
