- a person who does not eat meat or fish _____
- the measure of the energy value of food _____

- 5 Choose the correct alternative to complete the dialogue.

- A What shall we have for dinner?
B How about a burger or sausages and chips?
A No, I'd like something with fewer ¹calories / protein. How about a ²nutritious / vegetarian tuna salad?
B No, I hate fish. Why don't we have some pasta with tomato sauce?
A We had pasta yesterday and the day before! We can't have the same thing every day. We need to have a ³balanced / nutritious diet. And pasta is very high in ⁴carbohydrates / protein.
B OK. Let's have chicken and vegetables.
A Yes, good idea. There's lots of ⁵additives / protein in chicken.
B OK, but Sandy is coming and she doesn't eat meat.
A Oh, I didn't know she was ⁶on a diet / a vegetarian. We can make a rice and vegetable dish to go with the chicken.
B OK. Do we have the ⁷ingredients / additives to make it?
A Yes. But we should get something for dessert. Ice-cream? Chocolates? Sweets?
B No, we don't want unhealthy food with lots of calories and ⁸additives / protein.
A OK, OK, so no sweets, no ice-cream, no fizzy drinks ...
