messaging services and any social network that you blacklist for a scheduled time. The only disadvantage is that if you concentrate and work fast or send your work early, you won't be able to do anything to stop the blockage. Neither restarting your phone nor deleting the app from your device can give you access to what is on your blacklist until the scheduled time has passed. Are you a sleeper? Are you one of the people who push the snooze again and again? Sleep If U Can Alarm is the right app for sleep lovers like you. This app will help you get to school early. The "world's most annoying alarm" will ensure that you get up. Once the alarm is activated, you will have two options: go to the indicated place and take a picture or shake your phone very fast and hard. The last app we will recommend you consider is Studios. This app will turn your phone silent at the exact time you program it. You won't have your phone ringing in the middle of a class. You just need to write your schedule and the app will set your phone to silence at that time. 1. Choose the correct answer. What is the general purpose of apps according to the text? A. To entertain people B. To make life easier by providing a service C. To replace teachers D. To waste time	
2. Select the correct answer. Which app helps students avoid distractions while studying? A. Studios B. Sleep If U Can Alarm C. SelfControl D. Instagram	1.00 p
3. Identify the correct answer. Why is Studios useful for students? A. Because it blocks social networks forever B. Because it helps students wake up early C. Because it silences the phone during class time D. Because it replaces the school schedule	1.00 p
