Part A – Arrange the Recount Text

Read the following paragraphs. They are not in the correct order. Arrange them into a good recount text by writing the correct sequence (1–6).

A SCARY NIGHT AT HOME

Paragraph A

In the middle of the night, the alarm suddenly went off. When we woke up, we realized there was a fire in the house. The hallway was full of smoke and the door felt very hot. We were very scared and did not know what to do.

Paragraph B

Last weekend, my family and I experienced a frightening night at home. In the evening, my dad, Leo, and I were playing a dice game. We were laughing and joking because I kept winning the game.

Paragraph C

The next day, many neighbors came to help us. They supported us and helped clean the area. Even though we lost many things, we were grateful because everyone was safe.

Paragraph D

Suddenly, the electricity went out and the house became dark. My dad lit a candle so we could still see. After that, we decided to stop playing and go to bed.

Paragraph E

My dad told us to stay calm, crawl on the floor, and try to leave the house safely. Because the hallway was too dangerous, we climbed out through the window and carefully moved across the roof.

Paragraph F

Finally, we jumped down outside the house and checked that everyone was safe. Soon, the firefighters arrived and helped control the fire.
