3A. Skim the speech bubble and tick the objects mentioned in the text.

Hello! My name is Steven. I live in a flat with my family. Our flat is comfortable and bright. There is a balcony outside the living room, and we often sit there in the evening. There are two bedrooms in our flat. My bedroom is next to the bathroom. In my room, there is a bed, a wardrobe, a table, and a bookcase for my books. I like my room because it is quiet. There is a kitchen, a living room, and a dining room in the flat. In the kitchen, there is a fridge, an oven, and a cupboard. There is also a wooden table. The living room is wide and comfortable. There is a sofa and an armchair there. I like my home very much. It is a nice place to relax and spend time with my family.

5. Read the speeches and write the names under the correct houses.

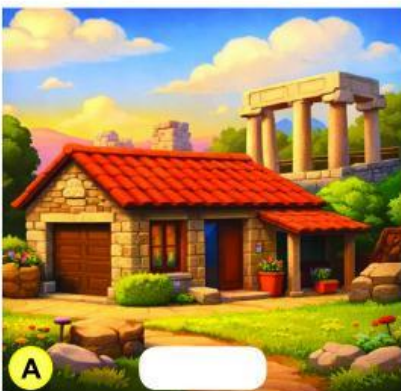

Amy: I live in a flat in a crowded town. The building has a metal lift. My flat is smaller than Nina's house, but it is closer to the sports centre and the shop. I cycle to the gym easily.

Jack: I live in a brand-new house near the coast. There is a terrace on the top floor and a garden outside. My house is more modern than Tom's house. We fish at the coast on weekends.

Sue: I live in a house near an ancient site. There is a roof, a garden, and a garage. My house is quieter than Leo's flat. We experience history here.
