Read the text.

Last Saturday Tom had a very busy day.

First, he walked to the sports centre for a chess competition. He finished in second place.

After that, he helped his friend with homework. Later he went home and carried the chairs to the garden because his parents prepared a birthday party.

In the evening Tom and his sister climbed the stairs to their room and played games.

Suddenly it started snowing, so they looked outside and laughed.

Answer the questions.

1 Where did Tom go first?

2 What place did he finish in the competition?

3 Who did he help?

4 What did he carry to the garden?

5 What happened in the evening?

True or False.

1 Tom went to a chess competition. ____

2 He finished first. ____

3 He helped his sister with homework. ____

4 His parents prepared a birthday party. ____

5 It started snowing. ____
