## The Skip Counting Mouse

Help the mouse find the cheese.  
Count by 2s. Fill in the missing numbers.

The maze starts with a mouse at the top left and ends with a piece of cheese at the bottom right. The path is indicated by a series of circles connected by dotted arrows. The numbers in the circles are: 2, 4, an empty circle, an empty circle, 12, an empty circle, an empty circle, 18, and an empty circle. The path starts at the mouse, goes right to the circle with '2', then right to the circle with '4', then left to an empty circle, then left to another empty circle, then left to a circle with '12', then right to an empty circle, then left to an empty circle, then left to a circle with '18', and finally right to an empty circle which leads to the cheese.
