

Hello, my name is Tom. I live in a small community in Hanoi, and I feel very proud of it. I believe my community is friendly and helpful.

In my free time, I like playing board games with my friends. It makes me feel very pleased and relaxed.

I often do volunteer work. For example, I pick up litter and help protect the environment. Sometimes, I also plant vegetables and grow vegetables with my neighbors.

To help the environment, I try to reduce, reuse, and recycle things every day. At school, I even exchange used paper for notebooks.

I want to help people in need, such as homeless children and the elderly. I sometimes donate old clothes and textbooks. I also visit a nursing home to look after the elderly and provide them with small gifts.

I also work as a tutor for younger students. I help children in rural areas with their homework.

I think a good volunteer should be patient and kind. There are many activities nearby, so I can join easily.

In conclusion, helping the community makes me feel very pleased and proud.
