

VOCABULARY (Items 1-5)

[2.5 marks]

For each item, shade in the bubble next to the correct option.

flying cars do have some (1) First, flying cars will be (2) as they use the technology of both cars and airplanes. Furthermore, these types of cars require special and expensive (3) Secondly, flying cars might be more (4) than the cars we use now because they could be badly affected by weather conditions and fall out of the sky. Also, having so many in the air at the same time might make it difficult to control the landing as they would not have the (5) to land safely.
