

The screenshot shows the Scratch programming environment. On the left, a cat sprite is visible. In the center, a script area contains a 'when green flag clicked' event block. On the right, a code area contains a 'say' block with the text 'مرحباً' (Hello) and a duration of 2 seconds. The interface is in Arabic, with labels like 'الحدث' (Event), 'البرمجة' (Code), and 'المتغيرات' (Variables).
