

Many families today discuss whether children should share household (1) \_\_\_\_\_. Some parents believe children should focus only on (2) \_\_\_\_\_, while others think chores help them learn important life (3) \_\_\_\_\_. Children who do chores can become more (4) \_\_\_\_\_ and independent. Helping at home also strengthens family (5) \_\_\_\_\_ because children understand their parents better. In addition, chores prepare children for the (6) \_\_\_\_\_ when they need to live on their own. However, too many chores may cause (7) \_\_\_\_\_ and reduce time for relaxation. Therefore, it is important to find a (8) \_\_\_\_\_ between study and housework. Parents should give (9) \_\_\_\_\_ appropriate tasks to their children. In the end, sharing responsibilities helps children grow into responsible (10) \_\_\_\_\_.
