## M9L2 Measuring Angles and Arcs

### Example 2 Check Question

#### Check

$\overline{GJ}$  is a diameter of  $\odot K$ . Identify each arc as a *major arc*, *minor arc*, or *semicircle*. Then find its measure.

a.  $\widehat{GH}$

b.  $\widehat{GLH}$

c.  $\widehat{GLJ}$

Major Arc

Minor Arc

Semicircle
