**OUR FUTURE HOUSES**

In the future, we will live in amazing new houses. Our houses will use the sun or the wind to make electricity. We won't use cookers, dishwashers or washing machines because robots will help us. We will have robots to cook our dinner and wash our clothes. We will have robots to look after our children. We won't use computers. We will have special remote control units. We can surf the internet, send and receive emails and order food from the markets without getting out of bed.

We won't have TVs or CD players because we will have watches that play music, take pictures and tell the time. Our cars won't use gas. **They** will use energy from air, water and plants. In the future the air won't be polluted. Our world will be a great place to live in.
