

Number bonds to 10

Fill in the missing part.

The image contains six number bond diagrams arranged in a 3x2 grid. Each diagram consists of a top circle containing the number 10, connected by lines to two bottom circles. The missing parts are as follows:

- Top-left: Top circle is 10, bottom-left circle is empty, bottom-right circle contains 5 dots.
- Top-right: Top circle is 10, bottom-left circle contains 5 dots, bottom-right circle is empty.
- Middle-left: Top circle is 10, bottom-left circle contains 6 dots, bottom-right circle is empty.
- Middle-right: Top circle is 10, both bottom circles are empty.
- Bottom-left: Top circle is 10, bottom-left circle is empty, bottom-right circle contains 6 dots.
- Bottom-right: Top circle is 10, bottom-left circle contains 1 dot, bottom-right circle is empty.
