PART 3: LISTENING (10 minutes – 10 marks)

Listen to the first part of a radio interview about Nellie Bly's most famous adventure: a trip around the world. Are these sentences True (T) or False (F)? Write T or F.

11. Nellie's adventure was Joseph Pulitzer's idea. _____

12. Elizabeth Bisland worked for a different newspaper. ____
13. Nellie began her journey in 1888. ____
14. Nellie and Elizabeth travelled together some of the way. ____

PART 4: READING (10 minutes – 10 marks)

Many people think video games are harmful, but research shows that they can bring many benefits. Some video games help players improve their thinking skills and creativity. Others help students work better in teams because they need to communicate with other players.

However, playing games too much can also cause problems. Students may spend too much time online and forget about studying or exercising. Therefore, it is important to play games in moderation.

18. What do many people think about video games?
19. What skills can video games improve?
20. Why can video games improve teamwork?
21. What problem can happen if students play too much?
22. What is the writer's advice?

PART 5: SPEAKING (10 marks)

Look at two pictures provided by the teacher. Compare the photos and talk about:

- Similarities (Both photos show...)
- Differences (The first photo shows..., whereas the second photo shows...)

PART 6: WRITING (15 minutes – 10 marks)

Write 120–150 words about your favourite film, TV programme, or game. Include what it is about, why you like it, and why other students should watch or play it.
