

## UNIT 9: LISTENING

**Nam:** Hi, Mai. How's your mid-term project going?

**Mai:** Good! I'm trying to complete it by next Monday. But I'm still working on the last part: saving

(1) \_\_\_\_\_ animals. Do you have any ideas, Nam?

**Nam:** Well, I think the first thing you should do is help people understand the (2) \_\_\_\_\_ of this problem.

**Mai:** Yes, I agree. Some people think this is a natural process that would happen with or without humans. They also believe that's not their responsibility.

**Nam:** You should also do some (3) \_\_\_\_\_ on the number of endangered animals. We are losing animals quicker now than ever before. And one of the reasons is (4) \_\_\_\_\_ hunting.

**Mai:** Yes, hunting causes a lot of suffering to wild animals. It destroys their natural (5) \_\_\_\_\_, and leaves baby animals behind to die.

**Nam:** Well, I think (6) \_\_\_\_\_ laws can really help. Heavy punishment may prevent people from illegal hunting. Besides, wildlife trade should be banned as well.

**Mai:** That would stop illegal hunting. Any more ideas, Nam?

**Nam:** And we should make sure that the souvenirs we buy on holiday are not made from endangered animal parts.

**Mai:** That's true. Thanks, Nam! You've been so(7) \_\_\_\_\_.
