B**OUR SCHOOL PLAY**

Next Saturday is the school play. It will take place in the school hall. This year, our class is performing a musical about animals. There will be dancing, singing, and poems. We need to make the costumes and the props, paint the forest scenery and prepare the chair for the audience. We need to do everything by Saturday. We have been very busy all week, but we haven't done everything.

Today is Friday. It's our busy day because we just have one more day to prepare for the play. We have a big stage in the middle of the school hall. Our homeroom teacher Ms. Green helps us decorate the hall and the stage with a lot of lighting. The colourful lights make the stage look more beautiful and brighter. We set up lots of chairs to make sure that we have enough seats for the audience. My friend Ali is very creative. He is a person who makes invitation cards. I think he does a good job and Ali loves doing that every year. Finally, we finish making the scenery and costumes for the actors and actresses. We are ready for the play.

The audience will be our parents. I hope that they will enjoy our play and have a great time coming to watch us. Last year, the play was in June. It was a mythology about Thor and we put so much effort into it. Lots of parents came to see us. My mum came to watch the play, but my dad was too busy to come. After the play, my mom talked to my homeroom teacher about how great we were. I felt so happy and I was proud of my class. I hope that the play this year will be fantastic.

Read the text. Then read the sentences and cross (x) TRUE or FALSE. The first one is an example.
