In my opinion, this is the most useful gadget to have. The only problem is the battery. You have to charge it once a week! ***Dom, UK***

The Water Clock

Do you need to change the battery in your clock again? Don't worry! The Water Clock only needs two glasses of water to work. It's easy to use and everyone should have one! Just add some water (hot or cold) and it will start working immediately!

Don't forget to change the water every month!

To: Kelly
Subject: Problems with sis

Hello Kelly,

How are you? I miss you so much. I haven't had anyone to talk to about my problems since you left. At the moment I've got a serious problem and need your help.

It's about my sister Ellen. Last week I took her camera without asking and I lost it. I haven't told her yet, but she's going to find out soon. You see, she's going to Egypt next week and she's going to need it. What should I do? If I tell her, she'll get really angry. And you know how Ellen is when she's upset. She'll never let me borrow any of her things again. Unfortunately, there's more.

Next weekend, there's a big party and I don't want to miss it. The problem is I haven't got anything cool to wear. So, I was thinking of borrowing something from Ellen. But if she finds out about the camera, I can forget it. If I had the money, I'd buy her a new camera. What would you do if you were me?

Write back as soon as possible.

Yours,
Brenda

My Agritourism Holiday

Day 1

Philip and I arrived at the farm. It wasn't as luxurious as it looked in the brochure, and there was an unpleasant smell. Mr Adams, the farmer, and his wife were very polite and organised. They told us to put our suitcases in our rooms, and the next thing I knew, we were working in the great outdoors. We spent the afternoon cleaning the stables and we were exhausted by the evening. Finally, we had a delicious dinner and went to bed.

Day 2

We were woken up early, and Mr Adams asked us to help him with the cows before breakfast. Philip got completely covered in mud, and that was when he realised he'd packed the wrong clothes. We fed the chickens and ducks after breakfast, but in the afternoon, we had some time to kill. We went for a walk and enjoyed the beautiful scenery.

Day 3

In the morning, we planted some apple trees and my hands hurt from using the spade. Unfortunately, it was a waste of time

1. Pete's first impression was that he liked the people but not the farm. ◯
2. On the second day, Philip got his clothes dirty. ◯
3. Pete and Philip did not have much to do in the afternoons. ◯
4. Pete and Philip made a mistake while they were building something. ◯

Hello Rory,

I haven't heard from you for ages. What have you been up to? I've just finished my water polo course! Dylan told me about this course, and it sounded really interesting. He said that it was the most enjoyable sport he'd ever tried, and I totally agree.

The course was only for three weeks. Not very long, right? It didn't cost much either. The fee is only €155. There's also a two-week course for €100. What's more, you don't have to bring anything with you — they've got all the equipment. There's also a huge pool there. The best part is that you don't need any experience. That worked well for me because I'd never even tried water polo before. The instructors were really experienced. They made me feel safe from the start. At the end of the course there is a tournament, and you get a trophy. Whenever I look at it, it reminds me of the fun I had!

Anyway, if you want to attend the course with me next summer, let me know. If you sign up, I know you'll have a great time!

Yours,

Victor
