

Learning Objective: Compare the external organs in the human body based on their functions, and care practices.

Oh No!!! The label fell off the sugar and salt jars. Can you help them get back on the right jars?

What do we already know that could help us?

Sugar is sweet. Salt is not. They look the same.

Instructions: Use all five senses to gather information.

Senses	Jar-1 	Jar-2 	What did I observe?
Eye 			
Ear 			
Nose 			
Skin 			
Tongue 			

What did I learn?

_____.

Which sense helped the most during the activity?

_____.
