CAMBRIDGE READING

Read the questions below. Then read the article about the school holidays.
For questions 1-6, circle the correct letter A, B, or C.

Our school holidays

Luis
I went on a beach holiday with my parents and sister. I sometimes think it's boring doing sports, like playing tennis with her during term time because she's younger than me. But we all went surfing together every day like we did last year, which was fun. I met a boy there, who was really nice and we did some cool stuff together. I see him a lot now I'm home because he lives quite near me.

Petro
I really wanted to go on holiday with my parents this year. They were busy with work, so instead a friend and I joined a holiday club. I didn't enjoy it much because the activities weren't very interesting – most of them were for younger kids. But I played badminton for the first time, which was great. Next summer, I'd really love to have a holiday in a big city like Paris and go sightseeing there.

Evan
My parents said I could visit my friend Jake, who moved to New York last year. We visited all the famous places there together – it was fantastic! And we both enjoy skateboarding, so we went to different parks and practised some new skateboarding jumps. I really wanted to meet his best friend – he was away, unfortunately. And I missed my parents sometimes, but it was a good holiday.
