Cloze Test

Select the correct word from the two options provided in the brackets.

Passage 1: Public Health & Technology

Telemedicine has **(41) [emerged / vanished]** as a vital tool in modern healthcare, especially in remote areas. It **(42) [enables / prevents]** patients to consult with specialists without the need for long-distance travel. Although some critics remain **(43) [skeptical / confident]** about the quality of virtual exams, studies show that digital consultations are highly effective for routine follow-ups. Furthermore, the **(44) [integration / separation]** of AI in diagnostic tools has improved accuracy significantly. However, ensuring data privacy remains a **(45) [minor / primary]** concern for both doctors and patients.

Passage 2: Environmental Conservation

The **(46) [destruction / restoration]** of coral reefs is essential for maintaining marine biodiversity. Human activities, such as overfishing and pollution, have **(47) [alleviated / accelerated]** the decline of these fragile ecosystems. If global temperatures continue to rise, many species will face **(48) [extinction / evolution]** within the next few decades. Governments must take **(49) [immediate / gradual]** action to reduce carbon emissions before the damage becomes irreversible. It is **(50) [crucial / optional]** that we act now to protect our planet for future generations.
