**Ex2: Read the text and choose the correct answer A, B, C or D.**

We know that we will pollute the environment if we do not use materials wisely. People have **founded** many programmes to save materials and protect the environment. 3Rs is one of them. 3Rs stands for Reduce, Reuse, and Recycle.

Reducing means we **reduce** the amount of waste we produce. This is the best way to help the environment. If we do not reduce the waste, we will pollute our environment more seriously.

Reusing is using the items again. For example, plastic bags can be reused if it is still now. We should not throw away reusable things but store and use them for other purposes.

Recycling is changing the waste materials into new products. For example, we recycle waste paper to make carton boxes. We should recycle as many things as possible.

If we reduce, reuse and recycle our resources, we will save energy and money. Moreover, we will help to prevent pollution and global climate change.

**Question 1.** What is the main idea of the passage?

- A. The benefits of plastic bags.                      B. The importance of 3Rs (Reduce, Reuse, Recycle)  
 C. How to make new products.                      D. Different kinds of pollution.

**Question 2.** Which word has the same meaning as "founded" in the passage?

- A. Created                      B. closed                      C. destroyed                      D. wasted

**Question 3.** Which word is the OPPOSITE of "reduce" in the passage?

- A. Increase                      B. save                      C. protect                      D. clean

**Question 4.** Which of the following is NOT TRUE according to the passage?

- A. 3Rs stands for Reuse, Reduce, and Recycle.  
 B. Reusing means using items again.  
 C. Recycling does not help protect the environment.  
 D. Reducing waste is the best way to help the environment.
