PART 2: Questions 7- 13

Read the article about three people who are interested in nature.

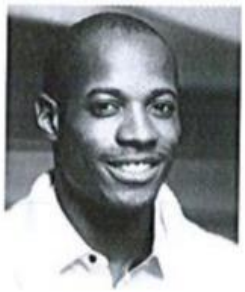
Answer the questions. For questions 7–13, choose A, B or C.

Young teachers

Peter

Peter works at a school in a village. He lives with two other teachers in a guest-house for free. The house is only a five-minute walk to school. The school is very small; only sixty pupils go there. The school has a small library and a small hall which can be used for indoor sports and meetings. There isn't a lot of outdoor space, which means there isn't enough room for students to play sports outside.

Ken



Ken works at a very big school with over eight hundred students and forty teachers. The school is in the middle of a very big city. He rents a house which is far away from school, so he goes there by bus. The school has pupils as well as teachers who have different nationalities. The school has everything the students need. There is another building next to the school where different sports can be played, a large cafeteria and a very big library. There are no outdoor sports.

Nick

Nick works at a school in the countryside, far away from any village or town. During the term, he lives at the school and goes home for the holidays. He sometimes goes home at the weekends, too. He is a very good teacher like most of the teachers who work there.

This is why parents have to pay a lot of money to send their children there. His school has a lot of land with three football fields, one rugby field and one cricket field. The school also has two very large swimming pools, one inside the school and the other one outside. The school has about five hundred students.

PART 3: Questions 14- 18.

For each question, choose the correct answer

Playing music in a rock band is a great way to meet people who are interested in the same things as you, and to have a lot of fun. The first thing you'll need to do is decide what instruments you want in your band. Most bands have one or two guitars, a singer, drums and keyboards, but you can change this. However, every band must have drums - you will need someone who can play those.

The next thing is to find your bandmates. Begin by making a poster. Describe the kind of music you want to make and the instruments you want in your band. Put the poster up in your school or college and ask your friends if they know anyone who would like to join.

Once you have a band, you'll need to quickly think of a name. The best way to do this is to spend two hours with your bandmates, writing down hundreds of ideas. Most will be really bad, but there will be a few good ones. Choose something surprising and interesting, that people won't be able to forget.

Next, you'll need to practise as much as you can. You will need a place where you can make a lot of noise without making your neighbours angry. Trying to play quietly will not help you get better. Don't spend time learning songs written by other people. Try writing your own. And don't be afraid of writing about your normal everyday experiences. All bands begin like this.

14 Which instrument does the writer think is the most important in a band?

A drums.

B guitars.

C keyboards.

A Make sure it easy to remember.

B Be ready to change it if it is not popular.

C Spend a few week thinking about it.

17. The writer thinks it is popular for new bands to

A write songs about unusual things.

B begin by learning famous songs.

C play loudly when they practice.

18. What is the best title for this article?

A The world's best rock band.

B How to start a rock band.

C My life in a rock band.
