

Calcula el volumen del siguiente prisma cuadrangular:

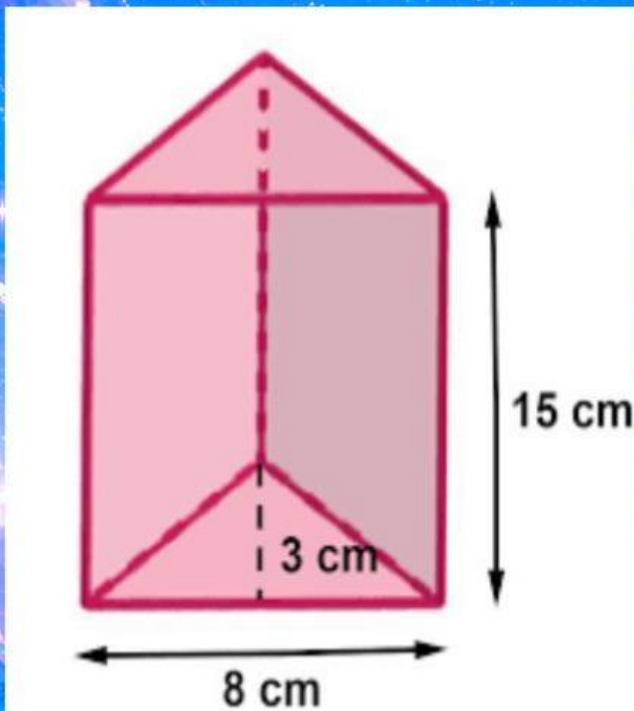

$$V = A_b \cdot h$$

$$V = \square \times \square \times h$$

$$V = \square \times \square \times \square$$

$$V = \square \text{ cm}^3$$

Calcula el volumen del siguiente prisma triangular:

$$V = A_b \cdot h$$

$$A_b = \frac{\square \times \square}{2}$$

$$A_b = \frac{\square}{2}$$

$$A_b = \square \text{ cm}^2$$

$$V = \square \times \square$$

$$V = \square \text{ cm}^3$$
